Subject: Revised CFAC Phase I Site Characterization Schedule

Mike,

As requested during our technical meeting on January 21, 2016, I am providing an updated schedule for the CFAC Phase I Site Characterization. As we discussed during the meeting, the only major change to the schedule was moving up the start of drilling to mid-May.

We can discuss the schedule in more detail during our next project conference call. In addition to discussing the schedule, I've attached an agenda of items that we would like to discuss during the next call. Please let us know if there are other topics you want to add. Thanks.
